

Southern Railway Maunsell Coaches

Slaters make a range of kits for Maunsell period Southern Railway coaches in O Gauge. The bodies are injection moulded polystyrene, with etched and cast brass fittings. The kits include Finescale wheels and bogies, which are available in two versions: fully sprung made from **etched brass** (add **E** to the reference number), or 'rigid' made from **injection moulded polystyrene** (add **P**). The bogies are also available separately.

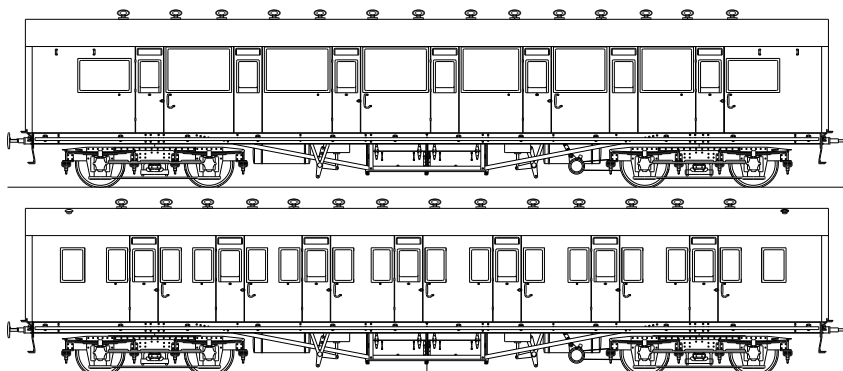

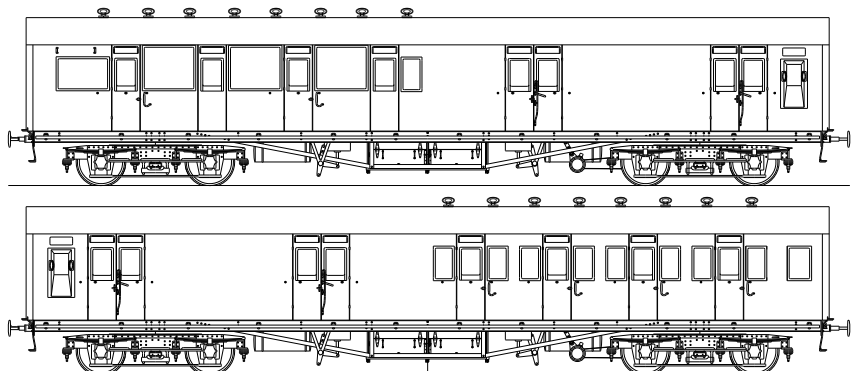

For prices, see our current Price List or On-Line ordering pages
